MEMORANDUM FOR: Chief, Security Staff, OD&E/DDS&T

FROM:

[REDACTED]
CIA Member
DCI Security Committee

SUBJECT: Upgrading DCID 1/14 Reinvestigations

REFERENCE

[REDACTED] dtd 16 March 1979

1. I raised the proposal to upgrade the minimum requirements of DCID 1/14 reinvestigations at the 11 April 1979 meeting of the DCI Security Committee.

2. For your information, I used the occasion of an ongoing Committee exercise to review the investigative standards of DCID 1/14 and requested that the charter of the Working Group, chaired by Mr. David McCabe, State SY, be expanded to incorporate specific tasking to examine the feasibility and cost of upgrading DCID 1/14 reinvestigations along the lines you recommended.

3. As soon as the CIA representative to the Working Group is identified I will provide him with your proposal and information about my request to the Committee. Further, I will direct that he maintain close contact with you to insure full advantage of your knowledge and perceptions about current problems with the minimum level of DCID 1/14 reinvestigations. I will look to both of you to make the strongest possible case for the CIA position at the Working Group.

4. I will also be available to support your position in any way at the Committee level. Further, I have asked [REDACTED] to assist the CIA Representative in effectively
